Women for Christ has been established as a ministry of service to the local body of believers and evangelism to the local community. It is meant to provide avenues of ministry for the special gifts and abilities unique to women age 19 and above.

Throughout the Bible, we see that women played a vital role in the spread of the Gospel and the sustaining of the Saints of God. The women within the local body are a vital source of strength and encouragement that often goes unrecognized and consequently unused. Through “Women for Christ” it is believed that this generally “untapped” resource will provide a stronger structural support for the local body as a whole to impact the surrounding community with the light of Jesus Christ!

Women for Christ Conferences are conducted throughout the US and other countries during the year. The AEGA Headquarters help set up these conferences working with the local WFC chapters.

A beautiful LOCAL CHURCH CHAPTER certificate is presented to each church who participates in this program from AEGA.

WOMEN FOR CHRIST CHAPTERS ARE LOCATED IN:
United States & Several Countries Around the World!

Basic Objectives

To recognize needs within the local body and develop and implement a plan of action to assist in the meeting of those needs.

Although the needs in a particular body may be many, it is strongly suggested that initially only one (1) need be addressed at a time to prevent over burdening a small, newly formed group. With growth and ample participation, more than one need can be addressed.

- To reach out with the love of Jesus in ministry to needs within the community.

Again,
it is suggested that only one (1) community need be addressed at any given time. With growth it will indeed be possible to participate in more than one community activity.

To raise funds for various mission projects both home and foreign.

With prayerful and careful selection and planning it may be possible to combine more that one need in fund raising activities.
