A Personal Note from the President's Pen

December 9, 2011

Greetings Friend in Christ,

It's almost time for our annual meeting in Florida, and we're very excited about spending time with you and learning what God is doing in your life. Our theme this year is "**DIRECTION**" which I believe is *directly* from the Lord to begin the new year of 2012.

There is interesting tandem (*two yoked together moving in rhythm*) effect in the relationship between God and His people. On one hand, we humans are fully responsible and accountable for planning, organizing, and directing our lives. Yet on the other hand, we need to be fully aware that God is accomplishing His purposes in, through, and sometimes even in spite of our plans and efforts.

At this year's gathering we will include time for each member to share (*for approximately 8-10 minutes*) the good purpose to which God has called you. A time of ministry will follow during which prayer may be offered, one for another, as the Holy Spirit leads. AEGA leadership welcomes the opportunity to pray over and speak into the lives of anyone who desires them to do so.

We understand that in today's society of Facebook, Twitter, and I-Phones, we're all very busy; and everyone's time is precious. Yet nothing will ever take the place of the *one-on-one, face-to-face relationship*. So, we've shortened our meeting time to help you "fit" this meeting into *your* schedule.

Don't miss this time of sharing together. Come and allow God to touch not only *your* life, but use YOU to touch the lives of your fellow brothers and sisters in AEGA. Bring a minister friend or guest. Come expecting the Holy Spirit to move in a *warm and relaxed atmosphere*. There is no registration fee. However, R.S.V.P. by phone or email is genuinely appreciated. My wife Jan and Ray & Elizabeth Foy will be coming with me from the AEGA Headquarters.

Looking forward to spending time with you,

Dr. Henry Harbuck, AEGA Int'l President
